CONDITION OF THE MARKETS

THEO. P. HAUGHEY Pres'L E. E. REXFORD, Cash.

Increased Activity in the Wheat Pit, Prices Being Unsettled and Lower.

Corn Moderately Active, the Market Showing Weakness Toward the Close-Oats Quiet -Provisions Active and Stronger.

MONEY, BONDS AND STOCKS.

A Fairly Active Opening at New York, Followed by Doliness and Lower Prices. NEW YORK, Nov. 19 .- Money on call was easy at 224 per cent, the last loan being made at 2 per cent, closing offered at 2.

Prime mercantile paper, 41 @6 per cent. Sterling exchange was dull but firm at \$4.84} for sixty-day bills and \$4.87% for demand.

The total sales of stocks to-day were 246,637 shares, including the following: Delaware, Lackawanna & Western, 17,400; Erie, 3,700; Lake Shore, 17,500; Louisville & Nashville, 8,984; Missouri Pacific, 5,000; Northwestern, 16,800; Northern Pacific preferred, 5,300; Oregon Transcontinental, 3,700; Reading, 45,900; Richmond & West Point, 21,000; St. Paul, 45, 700: Union Pacific, 6,300; Western Union, 4,330.

The stock market to-day was fairly active during the forenoon, but dull later in the day and weak and declining during most of the time. The weakness was accompanied by a fair amount of animation, but this was alternated with dull periods, when prices remained steady and the list without feature. The news of the day was of a neutral character, and no developments of a king to affect the market either way became known, but London was a seller at the opening and Chicago also joined in the selling movement later, which brought the traders in line for lower figures and lines of "short" stock were put out, which, accelerating the decline, uncovered some stop orders, which added another element of weakness. The principal buyers were commission houses, and in some instances round amounts of stocks were taken, but they had little effect in checking the general downward tendency of prices. The pressure was especially severe upon St. Paul and Louisville & Nashville, and when these stocks began to go the rest of the list followed, although the movements in most of the list were confined to fractional amounts. New England, for some time, was a feature of the trading, being well held against the general decline, but a rumor was started that there was to be no contest for control and it quickly followed in the wake of the leaders. Missouri Pacific displayed considerable weakness, and among the specialties, Pullman was notably weak on light transactions, as was also Pacific Mail. The declines at the opening extended per cent., and though there was a

light business doing prices continued to decline steadily, with St. Paul and Missouri Pacific leading, while New England was exceptionally weil held until late in the first bour, when it gave way suddenly and dropped over a point. Richmond & West Point showed some strength toward noon, but Louisville & Nashville became the leader of the decline, and after 12 o'clock the weakness became more pronounced and the market more active. Lake Shore became specially weak, while New England again stiffened up, but the general list failed to respond and the weak tone centinged until the close o business, which was dull at the lowest prices of the day. The active list, without exception, is lower this evening, and Pullman lost 2, Louisville & Nashville 14, St. Paul 14, Pacific Mail and New England 1; each, Memphia & Charleston 1 per cent., and the others fractional

Railroad bonds were dull and almost featureless throughout the day, and while there was no general movement or tendency in either direc-tion, the majority of the important changes in quotations are in the direction of lower figures. The only marked feature was the activity and strength in the Milwaukee, Lake Shore & Western convertibles, which contributed \$123,000 out of a total day's business of \$970,000. The dechnes include Minueapolis & St. Louis firsts, 2 at 94. International first rose 2, to 104, and Milwaukee, Lake Shore & Western convertibles, 11

CHICAGO, Nov. 19 .- Trading in wheat was sumewhat larger to-day, and principally local though there was a fair sprinkling of outside orders. The feeling was unsettled, and prices averaged considerably lower. The opening was heavy, being a continuation of the weakness existing at the close of last week. Early sales were made at 101to below closing figures of Saturday, and sold off to more. Then, with some irregularity, prices advanced lie under good buying, again declined, and the closing was lie lower than Saturday. The early decline was assisted some by the weak feeling abroad, public advices quoting dull and easier markets, and late private cables 1d decline. Home markets were all lower, and there was considerable pressure to sell. While the market was at its lowest price, however, advices were received from New York reporting the taking of some twenty-six boat-loads for Lisbon, one cargo to be shipped this month and the balance early next month. This suddenly developed a better feeling, and was accorntable for the subsequent advance. Parties who had soid freely during the morning commenced to cover and there was some heavy buying by one or two houses which, for the past few days, had been reported as large sellers. Aside from the covering of "shorts" there was not much doing, and when the most urgent call from this source was filled, the market again settled back.

Corn was moderately active, though at times comparatively quiet. Trading, however, was not confined so much as it has been of late to certain operators, there being more of a miscellaneous business transacted. The feeling was quotably steady early in the session, but toward the close developed some eakness. Opening sales were total under Saturday's closing figures, the market being firm for a time; then sold off te, reacted to and closed to to lower than on Saturday. In cats the near futures were neglected, but a moderate business was transacted in May within a narrow range. Quite a good speculative business was transacted in mess pork, and the market was stronger. Early sales were made at 5@7 c advance, but with rather free offerings a weaker feeling was developed and prices declined 12 2 15c. A slight rally followed, and the market closed rather quiet. Trading was more active in lard, and the feeling was decidedly stronger. Prices ruled .10 @. 124c higher and the market closed steady. A little more was doing in short ribs and the market was steady. In some instances slight advances were paid, but not supported to the close. The leading futures ranged as fol-

GRAIN AT HOME AND ABROAD.

Statement Showing the Visible Supply in the United States.

NEW YORK, Nov. 19 .- The following is a statement of the visible supply of grain affoat and in store on Saturday, Nov. 17, as compiled at the New York Produce Exchange: Wheat, 34,811,794 bu, an increase of 471,184

rye, 1,561,574 bu, an increase of 5,482; bu; barley, 1,813,918 bu, an increase of 189,256 bu. The official report of the Chicago Board of Trade shows the visible supply of grain on Saturday last to have been as follows, in comparison with the supply on the Saturday previous: Wheat, 34,812,000 bu, an increase of 471,000 bu; sorn, 8,195.000 bu, a decrease of 1,056.000 bu; oats, 7.927,000 bu, a decrease of 529,000 bu; rye, 1,561,000 ba, an increase of 5,000 bu; barley, 1,814,000 bu, an increase of 189,156 bu.

The Foreign Grain Trade. LONDON, Nov. 19 .- The Mark Lane Express, in its review of the British grain trade during the past week, says:

English wheat values are against buyers. The sales have been 49,527 quarters, at 31s 11d, reginst 54,730 quarters at 30s 5d during the corresponding week last year. Country flour is a turn dearer. The trade in foreign wheat is slack; best grades maintain values. Corn is irregular; in Liverpool mixed American is 1d per cental lower. Linseed is 1s dearer, Calcutta seed realized 45s, ex-ship. Four cargoes of wheat arrived; three cargoes were sold; three were withdrawn, and one remained. At to-day's market wheat was slow; fine grades

maintained prices, but common sorts were weak. Round corn was 3d to 6d dearer. Grinding barley was 3d dearer.

MINNEAPOLIS, Nov. 19 .- The liberal receipts of 775 cars of wheat here for the two days had a bad effect on prices, and the light demand for cash wheat took its own time in obtaining supplies. The trade for the first hour was light, and dealers were at sea regarding values, the late slump Saturday and large offerings having a demoralizing effect. Holders were seeking \$1.23 for No. 1 hard at first. No. 1 Northern being held at \$1.14 and No. 2 at \$1.08. Local mills took a few cars toward noon, but selling was at no time active. The sample market closed very dull, and a large part of the offerings were taken away at 1:15 P. M., unsold. No. 2 Northern was freely offered on track and to arrive at \$1.05. INDIANAPOLIS MARKETS.

Rather a Dull Monday in Trade, with Few Fluctuations in Values.

INDIANAPOLIS, Nov. 19. In all departments to-day trade dragged a little under the unfavorable conditions. Solid roads and cooler weather are necessary to make the desired improvements, and it is believed that with such changes trade would become more active. Thus far this month it has bardly reached the volume of November, 1887. The money market is apparently easy, and the merchants have their bills well paid up, but all seem to be holding off for better weather and a larger movement of the corn and hog crops. Dry goods men are feeling the du'l tone to business more than any other class of merchants. Retailers are purchasing winter goods sparingly, and seem to need a good cold snap to spur them up. Grocers are doing a good business, but in coffees and sugars the retail grocers buy only to meet immediate requirements, expecting lower prices on these two staples. To-day both sugars and coffees seemed firmer in tone East than last week, while prices here are unchanged. In other staple groceries firm prices prevail. As the holidays draw near foreign fruits are meeting with better sale, and with this prices have stiffened. Oranges are improving in quality, with no change in quotations. Lemons are in light supply, and but few are wanted, while bananas are a drug on the market, so abundant are the receipts. The produce markets, as Thanksgiving comes near, are more active, and prices, as a rule, are well held. A good apple, however, can yet be bought for \$1.50 per barrel, and choice fruit at \$2. Potato are selling some better, and at the car they can be bought at 30c to 35c per bushel, and by the barrel at | ducks, old and young, 6c. \$1 25. Receipts of poultry are lighter, and prices carry a stronger tone. Eggs are scarce and tending higher, and choice butter is also meeting with quick sale. In other markets there is nothing new to note. GRAIN.

The attendance on 'Change to-day was rather small. It being the first day that a call was made at fifteen minutes before 12 a number of those who are usually on 'Change were late, in fact too late to do any bidding. It is thought that as soop as the grain men become used to the change it will be a more satisfactory hour than that of fifteen minutes after 12. Wheat was a little off. Receipts to-day 6 cars;

GRATEFUL-COMFORTING. EPPS'S COCOA BREAKFAST.

"By a thorough knowledge of the natural laws which overn the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa. Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up notil strong enough to re-sist every tendency to disease. Hundre is of subtle maladies are floating around us ready to retack wher ever there is a weak point. We may escape many a

fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."-Civil Service Gazetta.
